

## **CAMPUS CLIMATE ASSESSMENTS**

Plaza College performs a campus climate assessment of students every two years as required by New York State Education Law 129-b, Section 6445. This survey will be held in winter semester with the outcomes reported at the meeting of the Advisory Committee on Campus Security and the results will be posted on the Campus Security page of the College website.

For Plaza's current survey, the response rate was 25 percent of the active student population. To maintain anonymity required by New York State Education Law 129-b, no identifying information was collected. Please note that not all respondents completed all questions and that percentages may not reach 100 because of rounding.
